Erie, CO USA

CHIMERA LAUNCHES OCTAPLUS 4 LIGHTBANK RANGE

Chimera proudly introduces a NEW range of OctaPlus 4 Lightbanks for the still photography and cinema/video markets. With this addition, Chimera now offers the largest range of Octa style Lightbanks in the market, from 24" (610mm) up to 7' (2.13m).

The OctaPlus 4 range consists of two new OctaPlus 4 for Super Pro (strobe) Speed Rings and two OctaPlus 4 for Video Pro Speed Rings.

The new OctaPlus 4 lightbanks have these key features:

- 4' (1.2m) aperture with a 29" (737mm) depth for superior light collation
- Stainless steel poles assure long service life
- Constructed with Chimera's proprietary and field-tested textiles
- Wide selection of compatible front screens and Soft Egg Crates available
- Compatible with Chimera's wide array of Speed Rings
- Handcrafted in Colorado, USA

Available with white or soft silver interiors for Super Pro Rings and in high heat or low heat versions for Video Pro rings.

These new Lightbanks are available from Chimera dealers worldwide.
